PROFESSIONAL SUMMARY

Results-driven Data Analyst with **6+ years of experience** in the cement and manufacturing industry, specializing in **Power BI dashboard development, sales analytics, and MIS reporting**. Proven track record of transforming complex datasets into actionable business insights, improving reporting efficiency by **25–30%** through automation and process standardization. Expert in translating stakeholder requirements into technical solutions, with deep domain knowledge in **cement sales operations, dealer network analytics, and market intelligence**. Adept at end-to-end analytics—from data cleaning and reconciliation to dashboard deployment and user training.

Core Competencies: Sales Analytics · Market Intelligence · Dealer Network Analysis · Pricing & Margin Analysis · MIS Reporting · Data Governance · SLA Management · Stakeholder Management · Root Cause Analysis · Process Automation

TECHNICAL SKILLS

- **BI & Visualization:** Power BI (DAX, Power Query), Looker Studio (Google Data Studio), Microsoft Excel (Pivot Tables, Advanced Formulas)
- **Data Analysis:** SQL, Data Cleaning, Data Reconciliation, Gap Analysis, Root Cause Analysis, Trend Analysis
- **Reporting & MIS:** Dashboard Development, Automated Reporting, KPI Tracking, SLA Reporting, Ticket Management
- **Business Domains:** Sales Analytics, GTM Analytics, Dealer & Channel Analytics, Pricing Analysis, Market Intelligence
- **Productivity:** Microsoft PowerPoint, Microsoft Word, Microsoft Outlook, Microsoft Access
- **Operating Systems:** Windows 10/11, macOS

PROFESSIONAL EXPERIENCE

Star Cement Ltd. *2024 – Present*
Analyst

- Developed and deployed interactive **Power BI dashboards** to track sales KPIs, discount planning effectiveness, and volume targets across regional markets, enabling leadership to identify underperforming territories within **48 hours** of data refresh.
- Built and maintained **dealer and sub-dealer performance scorecards** using Excel and Power BI, analysing onboarding effectiveness, churn patterns, and regional dealer activity—insights used to revive inactive dealers and optimize channel structure.
- Designed **GTM (Go-to-Market) analytics models** for high-growth markets, integrating sales data with logistics and pricing data to generate actionable recommendations that supported strategic counter-actions.
- Automated recurring sales reports, reducing manual preparation time and improving reporting efficiency by an estimated **25–30%**.
- Conducted walkthroughs and training sessions for frontline users and stakeholders on dashboard navigation and internal tools, improving tool adoption and data literacy across the sales organization.
- Collaborated cross-functionally with Finance, Logistics, and regional sales teams to resolve data inconsistencies and ensure single-source-of-truth reporting.
- Tracked and analysed team performance metrics to measure the effectiveness of regional initiatives and training programs, providing data-backed recommendations for performance improvement.

Amrit Cement Ltd. *April 2024 – October 2024*
MIS Executive

- Managed helpdesk tickets and stakeholder queries for all reporting needs, ensuring **100% SLA adherence** and acting as first-line support for MIS and analytics requests.
- Created and maintained automated dashboards based on shareholder and stakeholder requirements, ensuring accuracy and timely delivery.
- Conducted **Gap Analysis** and **Root Cause Analysis** on reporting processes and data quality issues, identifying bottlenecks that led to a **25–30% improvement in reporting efficiency**.
- Collaborated with SMEs and cross-functional teams to translate business asks into technical configurations, process improvements, and dashboard specifications.
- Designed automated MIS reports that replaced manual Excel-based reporting for critical business functions, improving data accuracy and reducing turnaround time.
- Resolved data inconsistencies through cross-functional alignment with Finance and Operations teams, establishing data validation protocols that improved data integrity.
- Supported implementation projects by coordinating tasks, documenting requirements, and supporting delivery timelines.

Kailash Chand and Sons *June 2023 – April 2024*
Business Development Manager

- Developed and implemented strategic business development plans using data-driven insights, resulting in **20% growth** in district-wide sales within two months.
- Utilized sales data analytics to adjust pricing strategies, contributing to a **15% increase in overall profitability**.
- Spearheaded the conception and execution of new business initiatives, using market intelligence and competitive analysis to identify expansion opportunities.

ITC Ltd. *February 2020 – May 2023*
Audit Assistant

- Conducted financial audits and data analysis, preparing compliance reports that ensured adherence to regulatory standards and internal policies.
- Streamlined audit processes through data reconciliation and standardized reporting, improving audit efficiency and ensuring timely completion of assignments.
- Analysed large financial datasets to identify discrepancies and trends, supporting risk assessment and internal control improvements.
